

Hawk Converting Invests in New Sheeting Press and Expands Facility

NEW MARQUIP PRESS AND FACILITY EXPANSION WILL STRENGTHEN OVERALL CAPACITY

Lewisburg, Tennessee, September 19, 2013 --

Hawk Converting has expanded its capacity to continue as an industry leader with quick turn around, competitive pricing and the latest in technology.

Hawk Converting has enhanced its sheeting division with the purchase of an additional new Marquip Sheet Wizzard. Installation is scheduled to be complete by the end of 2013. With the recent addition, Hawk Converting can now offer additional capacity to fill the needs of their growing customer base.

In addition to these recent equipment investments, Hawk Converting recently committed to add an additional 50,000 square feet to their current facility. Upon completion, Hawk Converting will have approximately 118,000 square feet of manufacturing and fulfillment space.

Hawk Converting is committed to reinvesting in the latest equipment technology. Our recent capital investments and facility expansion enable our company to stay ahead of customers' expectations." said Hawk Converting Managing Members Re Kelso and Kathryn Hawkins.

About Hawk Converting:

Hawk Converting, LLC specializes in the manufacture and distribution of a wide variety of custom paper products from mill direct roll stock to the finished printed product. Our specialty converting services backed by innovative design and production have earned us exceptional opportunities in our first two years of business.
