

WHO ARE WE?

Hawk Converting, LLC is a 100% minority-owned, WBENC and MBE certified company, boasting a centralized location.

WHAT DO WE DO?

We specialize in the manufacture and distribution of a wide variety of custom paper products, from mill-direct rolls, customer programs, and private label services, to the finished printed product. Our state-of-the-art facilities have ample capacity to support 2-4 day quick turn services.

Product Performance

Superior printability and ink holdout using both conventional and UV curable inks and a wide variety of aqueous coatings. Excellent runnability on Offset, Flexographic and Gravure printing presses, including wide-format, multi-color sheet fed presses. Downstream, 891 Litho offers excellent rotary and flat-bed cutting and laminating qualities with a wide range of adhesives.

Made in USA

891 Litho is produced at our world class manufacturing site.
